This week's
OMG
moment

Ruling the runway

Let's hope someone had a fire hose at the ready at Balmain's Paris Fashion Week show, because that runway was smokin' hot! That's hardly surprising, given the endless stream of genetically blessed catwalk queens. Gigi and Bella Hadid, Alessandra Ambrosio and, of course, Kendall Jenner put more than a little oh la la into the iconic brand's Spring 2016 collection. You go, girls!

Yep, it's summer!

Well, not officially, but hey, it sure feels like it! As daylight savings starts (sorry, Qld, NT and WA!) and the cold days end, the change of season has been pretty obvious at NW HQ.

It's gone from *Game Of Thrones* to *Home And Away* in the office wardrobe department, as the NW-ettes pack away their winter woollies and dust off their shorts, skirts and singlets.

But if you don't feel ready to bare all just yet, don't worry – you're not alone! That's why we've put together the *Ultimate Summer Body Bible* with this week's mag. So sit back, grab some wine and cheese, and read about the diet – it can start tomorrow!

There's also plenty to catch up on in the Hollywood love game this week – with so many hook-ups and break-ups, we can barely keep up.

Enjoy the issue!

Kim and Kanye's

FIGHT

The pregnant star has moved out and back in with Kris

You'd think Kim Kardashian would be putting her feet up at this late stage in her pregnancy.

Instead, she and hubby Kanye West are at each other's throats following their biggest fight to date. Worse still, the 34-year-old has moved back in with her mum Kris Jenner after making an ultimatum that backfired spectacularly!

Kim & Kris... Queens of the cover-up!

Kris maintains that Bruce's transition was a shock, but Caitlyn insists she's known about it for years

Kanye certainly looks like he'd prefer to be somewhere else

"Her and Kanye and North moved back in with me because they're working on their house again," claims Kris.

Yeah, right – it wouldn't be the first time she's tried to pull the cashmere over our eyes...

A KUWTK producer says scenes were faked to make Kim's ex Kris Humphries look bad

ON THE ROCKS

She's had enough of Kanye never being around, but when Kim's ultimatum failed to go according to plan, the seven-months-pregnant star had no choice but to move out of the marital home.

WORST HUSBAND EVER!

While Kim's publicly citing renovations on their \$20 million Bel Air mansion as the reason for her return to the nest, we hear the reality star – who's due to give birth to a son in a matter of weeks – threatened to move out if workaholic Kanye, 38, didn't start putting his family first.

But instead of begging her to stay like she was banking on, Kanye practically packed her bags for her!

"[He] was furious and told her to leave," says an insider, adding that it was Kris who talked Kim into giving him the ill-advised ultimatum in the first place.

"Kris hoped the threat of losing Kim would make Kanye work harder at their marriage, but he

lost it and told Kim he doesn't have time for her drama."

But we hear the blow-up's been a long time coming for the two, who were spotted looking frosty when Kim accompanied her man to an LA recording studio on September 20 – for filming, of course!

According to the insider, Kanye simply "hasn't been around" for Kim's pregnancy and spends most nights at his LA bachelor pad.

Indeed, the busy musician has so little time for family that Kim and two-year-old daughter North were spotted leaving his recent performance at the Hollywood Bowl without him.

Making matter worse, at seven months pregnant, Kim's feeling insecure about her body and hates that her hubby goes out until all hours without her.

"She is incredibly jealous," continues the source, who notes that even though Kim went to the trouble of flying to New York to be by Kanye's side last time he was in the Big Apple, he ditched her to party until 4am. "She's pregnant and she's so big she feels like he's less attracted to her."

Let's hope they'll kiss and make up before the baby arrives... ■

With a second baby due in December, Kanye's, er, swelling with pride

'HELP! WE CAN'T STOP EATING'

We've all heard of mothers-to-be eating for two, but Kanye seems to be getting in on the game, too! The puffy daddy's been spotted rocking a rather rotund figure of late.

"Kanye loves to eat really healthy and is always on different diets," Kim revealed earlier this year.

So has he ditched the diet? Or is his softer silhouette down to a mix of stress and sympathy weight?

Either way, once Kim gives birth, they can bond over losing the baby weight together!

Well, if they're still speaking...

How he gkht Kate!

'I'm a

He's no stranger to dating older women, and it seems serial toyboy Nick Jonas has cast his bait and snagged himself another cougar – Kate Hudson!

Despite their 13-year age gap, Nick, 23, and Kate, 36, were looking very cosy on a date at Walt Disney World in Orlando, Florida on September 26.

And the theme-park hook-up clearly went well, because later that evening,

mother-of-two Kate caught the pop star's show at the House of Blues in the same city.

The next morning, the pair were spied enjoying a lazy brunch at Soho Beach House in Miami – with Kate rocking bed hair, no less.

Busy night then, guys?

"The buzz around the property is that they were acting like a couple," says an eyewitness at Soho Beach House. "They were definitely there together.

**'THEY
WERE
ACTING
LIKE A
COUPLE'**

"They made an effort to keep things under wraps, using the private pool for members."

Both newly single, the pair are definitely "hooking up" according to insiders, with Kate spotted leaving another of Nick's concerts in New York last month grinning from ear-to-ear. Hmm, we wonder why...

But could the stars – who sources suggest met through Kate's brother Oliver Hudson, currently starring with Nick on TV show *Scream Queens* – have an ulterior motive for their romance?

Nick's solo singing efforts have failed to live up to his past success with the Jonas Brothers, and Kate hasn't had a box-office hit in years.

A high-profile romance could be just the thing to put both their careers back in the spotlight.

Besides, Nick has freely admitted he has a fondness for cougars, saying, "They know what they want." Grr!

And Kate's no stranger to a toyboy, recently dating dancer Derek Hough, six years her junior. When it comes to a sexual safari, what's seven more years between friends? ■

Secret messages to S

Blake wants her back

Seems a certain former fiancé isn't over this Bachelorette...

Blake Garvey was hailed as 'Australia's Biggest Love Rat' after sensationally ditching fiancée Sam Frost for second runner-up Louise Pildidge on *The Bachelor* last year.

And while 26-year-old Sam has moved on, with a plethora of hot, eligible men vying for her heart on *The Bachelorette*, it seems not everyone is ready to let go of the past.

Yep, we hear that watching his scorned ex dazzle on TV has given fame-hungry Blake a serious case of rose-tinted lenses – so much so, he's been blowing up Sam's phone!

"Blake can't believe how much Sam has matured over the last year and how gorgeous she looks," says an

insider. "He loves Louise, but seeing Sam on *The Bachelorette* has reminded him of all the things he once loved about her, too."

Of course, cynics can't help but notice that Blake's profile has taken a nosedive since he was unceremoniously fired from *Celebrity Apprentice* late last month.

And a renewed relationship with Sam could be just the fame boost he needs.

"Getting a taste of showbiz life has whetted his appetite for fame again.

"Blake feels like the only way he can move forward is to get Sam to show

everyone that all is forgiven," explains our insider.

"He's been calling and texting to apologise but she's not having a bar of it."

Clearly on a one-man PR campaign, Blake even tried publicly wishing Sam well last week, telling one magazine, "I really hope she discovers the love she's looking for."

But not before he'd shown his true colours, with a since-deleted Instagram rant that accused Sam of trying to profit from him on the show!

What is it they say about people in glass houses?

And let's not forget those awful "Choosing the right

model just got easier" adverts the 32-year-old auctioneer did for Drive.com.au, making fun of how he dumped Sam.

Um, no wonder she won't return his calls!

"If Blake's looking for forgiveness or another shot, he's barking up the wrong tree," says our source.

"I still feel quite numb about him," Sam has revealed. "When Blake broke up with me, it was so devastating and humiliating.

"I hope I meet an incredible man and have the love story I always wanted."

And we hope she does, too! ■

BITCHIN' BACHIE 'SAM'S A WANNABE WAG!'

Lovable dumped Bachelor Will might look like there isn't a mean bone in his body, but dealing with rejection clearly isn't his thing! Reeling after being booted from the show last week, the 31-year-old musician had a few choice words for Sam and her Bachie bros when *NW* caught up with him for a debrief!

Why do you think Sam didn't choose you?

I suppose she was after a more manly man – I'm just a fruit loop. I'm from Perth, too, so maybe that reminded her too much of that Bachelor. What's his name? Blair?

What kind of man do you think she's looking for? I get the vibe she'd like a career in media and spend a great deal of time on the red carpet. I suspect she wouldn't shy from having a public persona and having a relationship, too – being in a glamour-couple situation like the Beckhams! I could be wrong, though. I hate to say things like this, because some people take offence and I could be totally off the mark, but that's the kind of vibe I got.

Do you think she was scarred by what happened with Blake? You could tell she was using her jadedness after Blake as a weapon to keep herself on track, in terms of what she wants and what's she's looking for. She was clear on what she wanted in a guy.

If there's a Will, there's a say!

Were there any big rivalries?

Everyone was pretty cool. There was a bit of a rivalry between Shane and Drew because they had a bit of a history – they'd crossed paths before the show. Drew was a bit of a difficult one sometimes. Everyone in the house was relieved when he left, to be honest. We got sick of him giving everyone advice all the time – it was kind of like bullying with an empathetic delivery. It was a bit strange.

Who do you think will win? My pick is Sasha or Michael. But she might choose Michael over Sasha because Michael's a bling sort of boy, whereas Sasha has more of a working-class vibe. Michael would probably relate to Sam's beauty regime and go along to get a fake tan at the same time she does. I don't know if this was just because of the show, but she wears a lot of make-up and she was always joking about her spray tans. I'm not interested in that sort of stuff. It's weird.

SASHA'S GOT A COLOURFUL FAM!

It looks like Sasha could be the one to win Sam's heart after their passionate first tongue-a-licious kiss.

And when the sensitive tradie opened up about his troubled family past, it really connected with Sam.

But there is one little thing he forgot to mention.

It's since been revealed that cheeky Sasha's dad is in an outlaw bikie gang, according to reports.

But if the fam is anything like Sash, they're a big bunch of softies deep down!

His tattoo artist brother Jay recently showed his support on social media, writing, "So proud of my big bro and the way he can accomplish anything he puts his mind to and of how he has been portrayed as the amazing person he is."

Awww, see? Softies!

#thekiss

It's Sam and Drew – take two!

DREW'S NEW SAM

Sam may not have warmed to Drew's owl-wielding charms, but the man-bun fan couldn't care less! Not now that he's loved-up with another brunette, who shares some surprising similarities with the Bachelorette. The 32-year-old sleep technician was seen cosying up to his boho babe in Brisbane last week and couldn't wait to tell everyone all about her. "She's 26, she's brunette and she's named Sam!" he said. "Yes, I know."

one. She has no idea how to handle this."

So while Scott parties himself into oblivion – charmingly telling a crowd in Atlanta last week, "For all you single people out there I hope you all get your dicks sucked," before screaming, "Let's go blow the f**king roof off this motherf**ker!" last week – Kourtney's understandably worrying about the future.

She already has her hands full with children Mason, five, Penelope, three, and Reign, nine months.

Now, if Kourt is faced with raising a newborn alone, she might even take Scott, 32, back!

It'd be a major case of déjà vu for the star. She fell pregnant with son Mason via a bout of make-up sex after dumping Scott the first time back in 2009.

One person who's looking on the bright side is money-minded momager Kris, 59.

She knows a dramatic storyline like this would do wonders for *Keeping Up*

Scott spent all last week partying hard and hooked up with a mystery blonde!

With The Kardashians – which has seen its ratings drop by 50 per cent in less than a season!

But that's unlikely to sway her daughter, who famously said, "I don't think anyone can fall in love for ratings."

And having witnessed how depressed Kourt was following her messy break-up, her siblings aren't keen on the idea either.

"Her sisters have rallied round to support her – especially Kim and Khloe, who are extremely concerned," adds

our insider.

"They hate Scott and think this is the last thing Kourtney needs, right when she's finally made the brave decision to leave him." ■

JEN & BEN BACK TOGETHER FOR BABY?

Hot on the heels of rumours that Ben Affleck and Jennifer Garner are giving their 10-year marriage another go come reports the actress may be expecting baby number four!

According to US reports, 43-year-old Jen has told a few close friends she's

been feeling exhausted lately – and that the only other times she's felt fatigue like this was during previous pregnancies!

The star also says certain smells are triggering huge waves of nausea – a symptom she experience while pregnant with Violet, nine, Seraphina, six, and three-year-old Samuel!

"But no-one is sure if she's confirmed it with a pregnancy test, much less told Ben," says a source.

Of course, the couple's rebooted romance is still in its early stages, following 43-year-old Ben's alleged fling with the family's former nanny Christine Ouzounian, 28.

However, a new bub may fast-track their new-found commitment to each other.

"Another baby at this point would be tricky, but certainly not a disaster," adds the insider. "Ben and Jen have three wonderful children already.

"They've entered into therapy and are committed to doing whatever's best for the family."

Bandaidd baby?

Brawls, drugs and booze – how the *Big Bang* star's marriage exploded

“**W**hen you know, you know.” That’s

how Kaley Cuoco explained her decision to marry Ryan Sweeting just six months after meeting him on a blind date.

Within hours – yup, hours! – the tennis pro had packed his belongings and moved into *The Big Bang Theory* starlet’s LA pad. They then tied the knot in a romantic ceremony on New Year’s Eve in 2013.

But almost as quickly as it had begun, Kaley pulled the plug on their 21-month marriage last week, filing for divorce, citing irreconcilable differences.

Multiple insiders now reveal that despite Kaley’s vow that “no matter what came along... I was always going to make it work”, one issue was insurmountable – Ryan’s addictions to pills and booze.

While Ryan was arrested in 2006 for a DUI and possession of drugs with intent to sell, Kaley thought those troubles were far behind the former tennis ace.

But following a string of sporting injuries that saw him undergo back surgery within months of meeting Kaley,

the 28-year-old is said to have “developed a dependency on painkillers”.

Ryan then turned to a second vice – alcohol.

“He couldn’t make the commitment to get sober,” an insider tells *Us Weekly* magazine. “He’d tell [Kaley] he was working on it and instead go get wasted... He’d lash out at her. He had a major problem and she couldn’t do anything about it.

The final straw came earlier this year when another injury saw the tennis pro – once ranked number 64 in the world – prescribed another medication that he allegedly began to abuse.

In a last-ditch attempt to save his marriage and convince Kaley, 29, he could get clean, Ryan entered a Boston rehab clinic last month – but it was too little, too late.

And while Kaley’s Instagram account once painted a picture of domestic bliss – she’s removed all images of Ryan in the wake of the split – insiders reveal that the couple had vicious fights about starting a family.

Kaley insisted, “My husband wants [kids], too,” however the pair couldn’t agree on the timing – especially with the actress raking in \$1 million an episode for *The Big Bang Theory*.

And that’s money Ryan most likely won’t get a cut of, with reports of an iron-clad prenup!

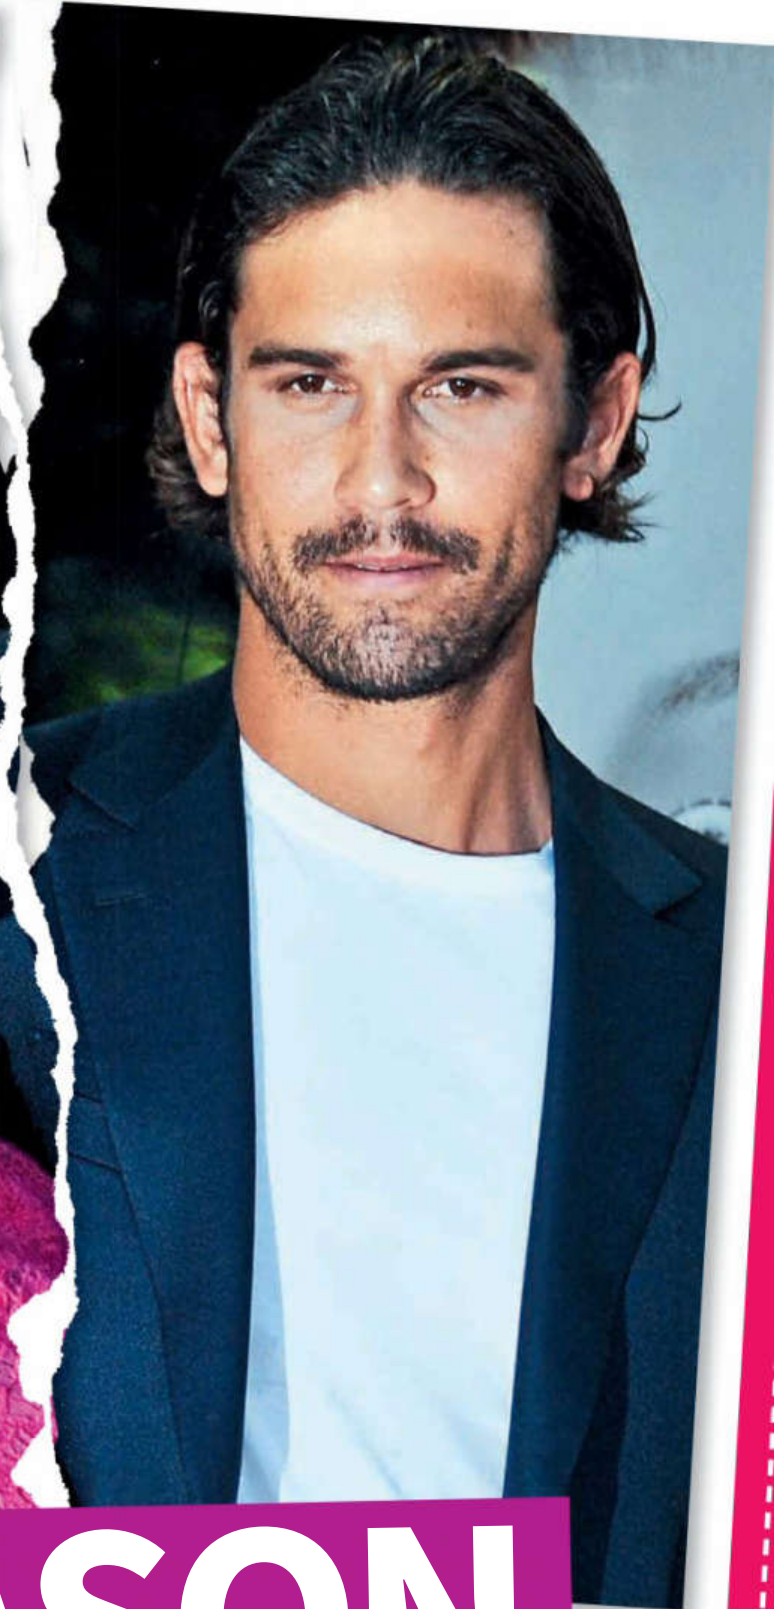

“She didn’t want to get divorced, but felt she had no choice,” adds the insider. “She realised she just couldn’t fix him. He wasn’t the man she thought he was.” ■

d Ryan!

the **BiG** **REBOUND** **THEORY**

As if the couple didn't have enough issues to deal with, it seems Kaley's close relationship with ex-boyfriend Johnny Galecki might have had something to do with the breakdown of her marriage!

Despite Kaley insisting, "Ryan loves [Johnny]," it turns out the tennis pro wasn't so fond of her relationship with her 40-year-old co-star – who she dated for almost two years.

"A big issue for her and Ryan was trust. There are rumours flying on both sides that the other was unfaithful, and she's known to have had trust issues with Ryan for some time," adds our insider.

"It drove Ryan nuts that Johnny was always around, but Kaley didn't care. Now she and Ryan are over, the word is she's run straight into Johnny's bed."

A big bang theory, indeed!

BACHELOR BABY on board!

‘Glowing’ Snez and proud dad-to-be Sam Wood can’t hide their baby secret any longer!

Sam Wood certainly wasn’t messing around when he said he wanted to start a family with Snezana Markoski!

In fact, the *Bachelor* couple have wasted no time turning that dream into a reality, with 34-year-old Snez sporting a noticeable bump while enjoying a romantic weekend in her home town with Sam.

Hitting Perth Zoo with Snez’s daughter Eve, nine, the couple looked the picture of proud parents-to-be – fuelling persistent rumours there’s an itty-bitty Bachie baby on the way.

“They hardly ever let go of each other’s hand and Sam was acting very protective around her,”

notes an onlooker. “They were so cute together and she kept touching her tummy and smiling. Snez was glowing. It looked like she was eating for two when her breakfast sandwich arrived at the hotel that morning – and Sam thought it was adorable!”

‘SHE KEPT TOUCHING HER TUMMY AND SMILING’

With the couple still living in different states, they’re fast-tracking plans to make a family home. But in the meantime, dealing with the distance is a small price to pay for broody Sam, 35, who’s eager to hear the pitter-patter of little feet.

“When you find the right person it happens quite quickly,” he tells NW.

The big question is whether Eve wants a little brother or sister?

“I don’t think she’d mind,” says Snez. “She just loves babies.” ■

Heather's Happily ever after

The *Bachelor* favourite finally finds herself in the boyfriend zone!

Everyone was gutted when lovable Heather Maltman was given the elbow by *The Bachelor*'s Sam Wood, but it's amazing what can happen in the space of a few months!

Proving that love can come knocking when you least expect it, the quirky actress and filmmaker couldn't have looked happier as she walked hand-in-hand with her new man, Sydney actor Andrew Steel, last week.

And wow, what a hot couple they make! Unlike the friend-zone connection she had with Sam, Heather's chemistry with Andrew is off the scale.

As our snaps show, the pair – who started dating a few weeks ago – couldn't keep their paws off each other during their casual picnic at Sydney's Bronte Beach. No wonder the 29-year-old hasn't been able to hold back her excitement about Andrew.

"There is a man, [a] human of interest," she

revealed ahead of their first public appearance at Sydney's Mercedes-Benz Fashion Festival. "He's quite sexy!"

What's more, Heather's hunky new man, who coincidentally used to date *The Bachelor* Season One star Laura Clemesha, sounds perfect for her.

"He's got a really silly sense of humour just like Heather and they're always making each other laugh," an insider tells NW.

"And they've obviously got loads in common as they're both in the acting world. They can't keep their hands off each other right now – Heather's so happy she could burst!"

We're so happy for Heather, too, since it was only last month she revealed to us that she was so devastated by Sam's rejection she felt she was unable to date.

"I'm still just very single for two reasons, because I was heartbroken and it's hard to date when everyone in Australia already thinks you've got a boyfriend," she told NW, adding that the show helped build her confidence.

"I used to be scared of telling people what I like and don't like, and now I've got a voice!"

We love a fairytale ending! ■

Bieber 2.0 – he hasn't changed at all!

Shiphead!

While some people might be thrilled at the prospect of cruising around Sydney Harbour in a VIP vessel, Justin was clearly so bored he decided to ramp up the excitement. Giving minders a heart attack, Biebs came precariously close to falling overboard as he climbed onto the roof.

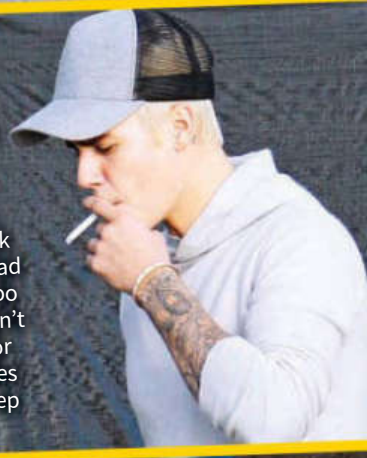

Sk8er boi

Justin was told to "move on" by a no-nonsense security guard in Sydney's Martin Place last week after he was caught tearing through the busy area on his skateboard. "He was a danger to pedestrians, this is private property," the guard explained. "Just because he's famous, it doesn't mean he can ride around here." Onya, mate!

Up in smoke

"I always forget to breathe, I'm always so busy doing the moves and I never breathe," said Justin after his panned performance on *The X Factor* left him totally puffed. And considering the hunk was spotted dragging on a cigarette ahead of his performance on Sydney's Cockatoo Island the following day, it seems he didn't really care whether he sounded good or not. But JB better beware – those ciggies won't help him hit the high notes or keep up with his back-up dancers!

Bieber BANNED FROM

Pop's bad boy has outstayed his welcome!

Justin Bieber must have forgotten to check the guide to Australia before flying out, because he seemed to be on a mission to break every rule in the book during his jaunt Down Under last week!

Yup, as well as raising merry hell on private property in Sydney's CBD, the singer found himself embroiled in a drink-spiking scandal.

There are even reports the Biebs may be getting a souvenir Aussie lovechild!

That's right – on the very night 18-year-old model Bailey Scarlett claimed her drink was allegedly "tampered with" at a party thrown for the pop star in

Melbourne, Justin was said to have gotten so wild he may have left one girl with an extra party favour – a baby!

"He was hooking up with one girl after another," reveals our insider. "He spent time in a back room with this brunette, and now she's going around saying she could be pregnant."

What's more, we hear the 21-year-old hasn't been sober since he landed in Australia!

"He's been trashing hotel rooms and stirring up trouble," says our insider. "It's like the rules don't apply to him."

And with his woeful antics coming within a week of fellow troublemaker Chris Brown, 26, being refused entry into

ED OM OZ?

Australia for his bad-boy past, Justin's playing a risky game – especially as it's not his first brush with Aussie officials!

Two years ago, Gold Coast mayor Tom Tate was

infuriated after Biebs graffitied a hotel in the sunny city.

But for now, the naughty prince of pop remains unapologetic.

"I'm not going to say I'm sorry for the things that I've done because

I think that it allows me to tell a story," he said recently. "If I... never had any failures, people would've been like, 'Who is this kid? He's not relatable.'"

Excuses, excuses! ■

**'IT'S LIKE
THE RULES
DON'T APPLY
TO HIM'**

Raise the roofie!

Bailey claims someone close to Biebs spiked her drink, after she was left "convulsing" following Justin's party at Ginger Recording Studio in Melbourne.

"I can honestly say, 99.9 per cent sure, that there was something in my drink," she says. "If anyone, it was his entourage."

She says the pop brat even made a joke of it all.

"They carried me off to a bathroom," she says. "And he said, 'Oh, nah, she's faking it, get her out of here,' and jokingly said to everyone, 'Oh look, she's got Bieber fever.'"

He said, she said

Despite her ordeal, Bailey has yet to file an official police report

Luckily I was one of the girls chosen. When I arrived my phone was taken from me, was introduced to Justin, I then was told to pour myself a drink of vodka and lemonade, put my cup down and began chatting to a few of the girls, did a shot with Justin, and was poured another drink. By this time I started to feel overly drunk and not right at all, my vision was ridiculously blurred I felt like I was seeing 10 faces at once, my lips, hands and toes felt numb and I became incoherent.

Bailey wrote about her ordeal on Facebook

...couldn't do shit to make me feel better, he then to my disgust told his "crew" to get me out of there, I was faking, trying to do this for attention (like yes I want to convulse and pass out in front of Justin Bieber lol), and the worst

It happened last time...

justinbieber

During Biebs's last visit in 2013, he found himself in the firing line of Gold Coast mayor Tom Tate! "@JustinBieber glad you had a great time on Australia's #goldcoast.

Hope to see you back soon to clean up your mess," Tate tweeted after Justin graffitied the QT hotel. "Make me a #belieber."

Our source says all Gigi wants to do is hang out with Joe...

Joe's Paris 'Ma

The singer's desperate to lock down his girl – fast!

They've been inseparable for months – hitting celeb parties, supporting each other at work events and enjoying sexy afternoons in bed.

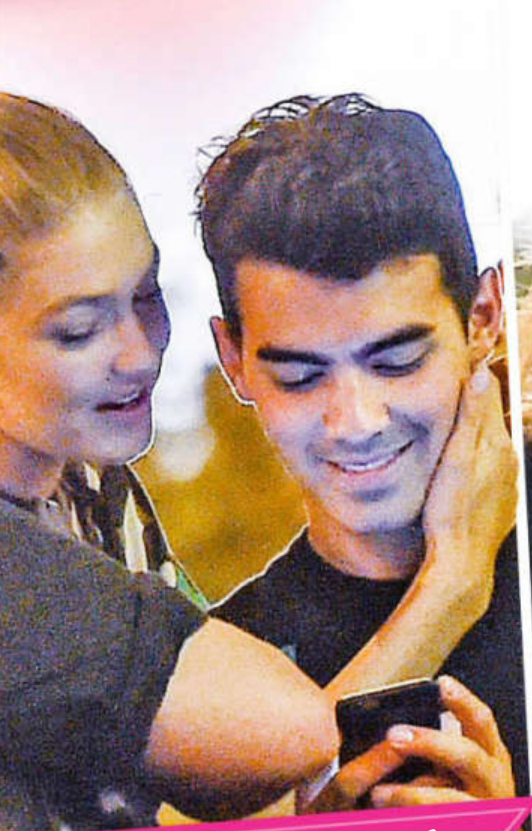

So it's no wonder Joe Jonas isn't letting Gigi Hadid out of his sight. He knows he's lucked out big-time by landing the world's hottest model – so much so that he's planning to put a ring on it!

Indeed, when recently asked what comes to mind when he hears his girlfriend's name, Joe replied, "Happiness."

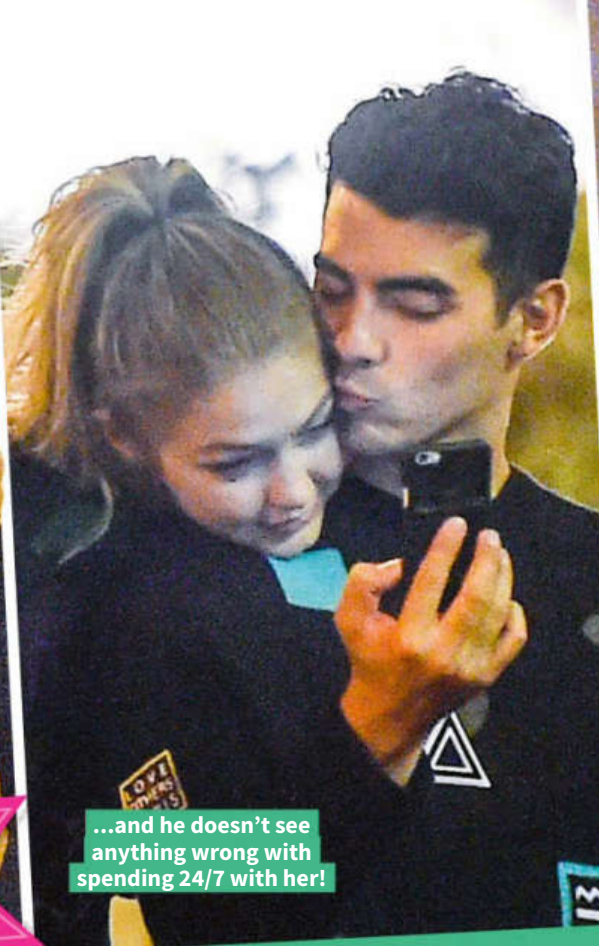

The smitten 26-year-old even proudly posted a snap of his ladylove strutting her stuff for Versace at Milan Fashion Week on September 25, captioning it, "My Girl Just Killed It."

Gigi's reportedly cut out BFF Kendall Jenner to see more of Joe

From Paris with love

proposal

...and he doesn't see anything wrong with spending 24/7 with her!

Joined at the hip!

Worry me, Gigi!

"They talk about marriage all the time – it's just a matter of when rather than if," says our insider. "Joe's got Gigi wrapped around his finger, even though it's a lot to do with their partying habits."

And it seems Joe's fixation with the 20-year-old dates back years, when they crossed paths at an awards ceremony.

"We met at the Grammys when I was 13 years old and he asked me to a baseball game, and I said no," Gigi recently revealed about Joe, who'd have been 19 at the time.

But Gigi's friends are now concerned the obsessive romance isn't at all healthy – especially since the model's said to have ditched her squad, including BFF Kendall Jenner, to spend more time with Joe.

That might explain the anti-squad comments Kenny's made recently, describing having a big group of gal pals as "too complicated".

But Gigi's romance may not be as rosy as it seems, with recent reports claiming Joe was spotted "chatting up" Swedish singer Tove Lo at last month's IHeartRadio festival in Las Vegas.

"He put his arm around her waist," says an insider. "They were cuddled close."

There's little chance of Gigi finding time to do some flirting of her own, though.

"Joe is obsessed with Gigi – he barely lets her out of his sight," adds our insider. "When they're apart, he stays in constant contact with her. He worries about losing her – that's why he wants them to get married right away." ■

Gigi's booty backlash

Gigi was forced to fight back after coping criticism for looking – shock! – like a normal woman on the Tommy Hilfiger runway at New York Fashion Week (right). And while it did get her down, the beauty says she won't be shamed for her curves.

"Yes, I have boobs, I have abs, I have a butt, I have thighs, but I'm not asking for special treatment. Your mean comments don't make me want to change my body."

judgment on social media comes from people who, 99% of the time, have no idea what they're talking about, but I'm human, and I'm not going to lie, I did let the negativity get to me a little.

I'm a hard worker that's confident in myself, one that came at a time where the fashion industry was ready for a change. I'm just doing my job. I represent a body image that wasn't accepted in high-fashion before, and I'm very lucky to be supported by the designers, stylists, and editors that I am: ones that know this is fashion, it's art; it can never stay the same. It's 2015.

If you don't like it, don't follow me, don't watch me, cause I'm not going anywhere. If I didn't have the body I do, I wouldn't have the career I do. I love that I can be sexy. I'm proud of it.

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

WHY DID **LENA** QUIT TWITTER?

Tired of the body bullies, Lena Dunham has had to go cold turkey with Twitter.

"It truly wasn't a safe space for me," says the *Girls* star, who describes the abuse she received as "verbal violence".

The 29-year-old says the worst backlash came after she posted a photo of herself in her Calvin Kleins.

"It turned into the most rabid, disgusting debate about women's bodies," says Lena, who adds that she's still personally manning her Instagram.

"It's a more positive community."

1 WHO KNEW **BEN** WAS GOING TO BE A DAD?

We didn't even know our fave former *O.C.* hottie was dating! Now, not only are *Gotham* co-stars Ben McKenzie and Morena Baccarin planning to wed, they're expecting a baby!

The happy news was revealed in legal docs filed by the 36-year-old *Homeland* actress, who's currently in the middle of divorcing her estranged husband Austin Chick.

"Today, I am in a new committed relationship. I am planning to re-marry. Also, I am 3½ months pregnant," she notes in the docs.

The star – who has a two-year-old son with her ex – states she fell pregnant to Ben, 37, in June, but her director ex claims the baby was conceived while he was still with her. Scandalous!

3 IS THIS THE BIGGEST WASTE EVER?

What do you do when you've got too much money to spend and no idea what to buy? Just ask Khloe Kardashian, who took pimping her ride to outlandish new levels last week by draping her Range Rover in velvet!

"Thank you @westcoastcustoms for lacing my range," Khloe, 31, captioned an Instagram snap of her smooth new ride.

"Yes, he wrapped my truck in velvet and I LOVE it!!! I feel like my car is rocking a Sean John sweatsuit."

While no-one's confirmed if the car is now dry-clean only, Khloe admits she was nervous about the bizarre upgrade, writing "@selfmaderyan told me to trust him and he didn't let me down!!"

Yeah, but the velvet might, as soon as it rains...

4 IS SCOTT JOINING THE STOCK MARKET?

Scott Disick's been bragging to anyone who'll listen about how he's rolling in dough, despite his split from breadwinner Kourtney Kardashian.

"I've been making money since I was a kid, and I'll keep making money - so I'm not worried about it," says Lord Disick, who's planning to maintain his opulent lifestyle by becoming a stockbroker!

"Scott hired a stock-market tutor to teach him about margin calls, short sales and other finance stuff," a pal says of the 32-year-old. "He's going to get his broker's licence."

Look out, here comes the love rat of Wall Street!

5 WHAT'S THE SKINNY ON AMAL?

She's just celebrated her first wedding anniversary, but Amal Clooney shows no signs of putting on any of those loved-up relationship kilos.

The human rights lawyer looked a shadow of her former self when she stepped out with hubby George, 54, in New York recently.

This isn't the first time the 37-year-old's tiny frame has come under scrutiny. Earlier this year, Natasha Fett, celebrity nutritionist and author of *The 10% Rule - Small Changes, Big Results*, estimated that the 173cm tall star was dangerously underweight, telling RadarOnline, "She seems to be at around 100 pounds [45kg]." Eek!

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

6 ARE SANSA AND ARYA HOOKING UP?!

Here's a plot twist we didn't see coming! Rumour has it that *Game Of Thrones* stars Maisie Williams and Sophie Turner are dating! The pair – who play estranged siblings Sansa and Arya Stark – have been besties since the hit show began five years ago, but now reports are heating up that they're much more than that, with these new pics of the girls getting, ahem, grabby with each only fuelling whispers of a romance!

What's more, not only do the pair openly boast of sleepovers in hotels, but Sophie, 19, reveals she and Maisie, 18, share a special connection.

"We have this understanding of what each other's going through, and yet we barely speak about *Game Of Thrones* when we're together," she explains.

What a pair!

FLASHBACK!

Ex appeal!

Ten years on, Kate and Orly looked as loved up as ever in LA on September 24.

7 IS LOUIS MAKING IT OFFICIAL WITH HIS BABYMAMA?

She's already pregnant with his love child, but it seems Louis Tomlinson and Briana Jungwirth, both 23, might have finally decided to give a relationship a go!

According to insiders, the One Direction hottie flew his baby mama from her home in LA to London to attend the band's recent O2 Arena concert and spend time with his family. The five-months-pregnant stylist was even spotted watching from the VIP area

with Louis's mum Johannah and sister Félicité.

Ooooh, sounds like they can't bare to be apart – and the *What Makes You Beautiful* singer's certainly fond of Briana!

"Obviously it's a very exciting time, so I'm buzzing," the hunk says of the baby on the way.

"It was a surprise at first," adds a source, "but he and Briana are very, very close friends and this has brought them even closer."

8 HOW DOES KATE'S HUBBY FEEL ABOUT THIS?

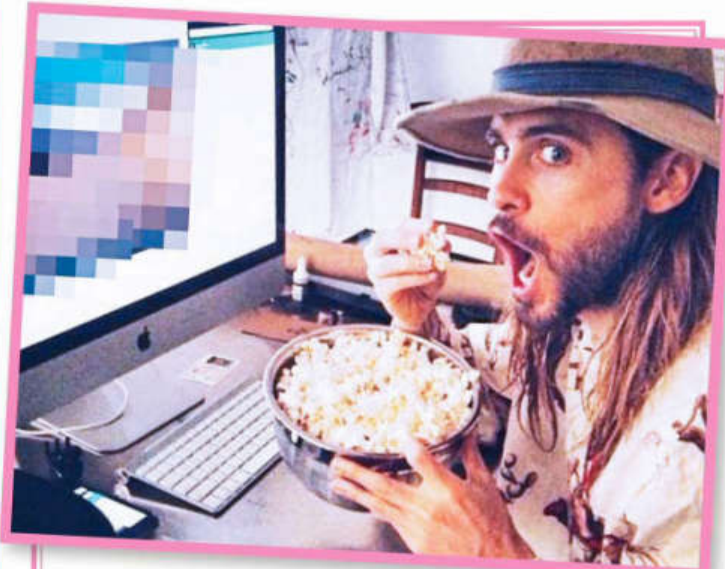

Her husband Michael Polish may have been her date, but Kate Bosworth only had eyes for ex-boyfriend Orlando Bloom at the Dior Homme cocktail party at LA's Chateau Marmont! The pair – who split in 2006 – looked absolutely smitten as they cuddled up at the swanky event, something we doubt escaped her 44-year-old hubby's notice!

After all, 32-year-old Kate's made no secret of how madly in love she was with Orly, 38.

"The [split] sent me into such pain, I think I had actual vertigo. I was like, 'Is this my new reality? Will anything be normal again?'" Kate confessed following their break-up. "Then one day you wake up and you think, 'Okay, I'll never be the same, but I'll survive and I'll grow from it.'"

Kate and Michael married in 2013

9 IS JARED ADDICTED TO PORN?

His ever-changing hair needs serious upkeep, but Jared Leto doesn't pass the time in the salon chair poring over magazines like the rest of us – he peruses porn!

Yep, an eyewitness spotted the 43-year-old *Suicide Squad* actor scrolling through photos of naked men and women on his mobile phone while getting his hair done!

"They were really sexually explicit," says the shocked onlooker. "Some were naked bathroom selfies and others were people lying on couches and beds. It was gross."

10 WHY DID CHANNING BREAK INTO JGL'S PLACE?

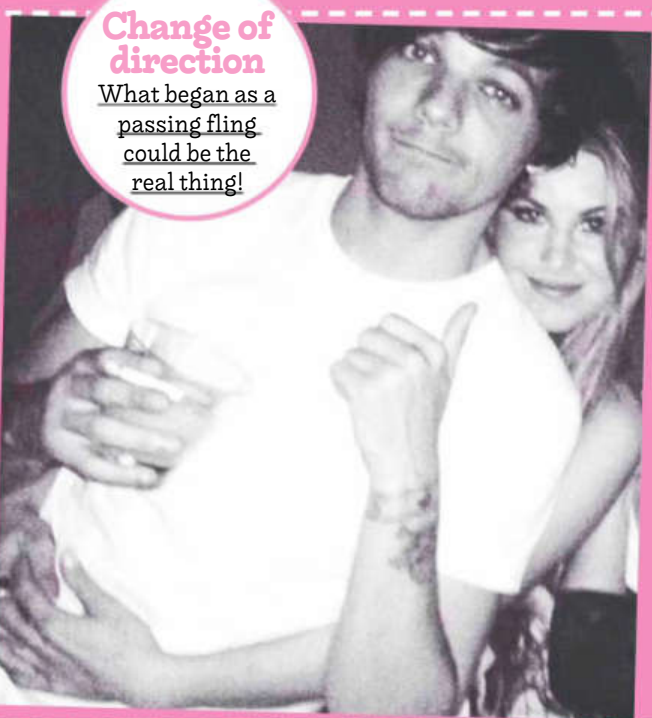

Most of us fantasise about Channing Tatum breaking into our bedrooms, but Joseph Gordon-Levitt got to experience it in real life!

Yep, in a conversation between the pair published in *Gotham* magazine, Joseph doxxed in his bestie Channing, 35, for using his scaling skills to bust into his pad!

"You climbed up the space of my apartment, broke into my house, and surprised me when I was sleeping in order to prove that I should probably take better care to protect myself because if you were ill-intentioned you could have murdered me," says Joseph, 34.

Ms Delevingne makes a splash with some sexy studs

Cara gets physical with a mystery man in Rio on September 27

Model behaviour Cara's Rio

Here's hoping Cara Delevingne's other half Annie Clark isn't the jealous type!

Bisexual beauty Cara captured the attention of a bunch of male hotties while on a recent sun-soaked vacay in Rio de Janeiro with bestie Rihanna, 27.

The only issue is that 23-year-old Cara's supposedly a taken woman!

Yet judging by the endless back rubs, foot massages and pool canoodles from not one but three different fellas, Annie was far from the model's mind.

"They were all over her and she was loving the attention,"

says a fellow guest at the luxury hotel. "All I can say is Annie must be very understanding because Cara and Rihanna were clearly on a mission to have the time of their lives."

While Cara says she's "in love" with her muso girlfriend, who performs under the name St Vincent, she admits she still fantasises about guys.

"I have erotic dreams only about men," says the star, who refuses to apologise for her wandering ways. "I'm young. I'm having fun."

Annie claims she's pretty open when it comes to her love life, too, saying, "I believe in gender fluidity and sexual fluidity."

But something tells us the singer may not have been so free-thinking after seeing these holiday snaps!

Indeed, things looked frosty when they stepped out in New York last week. Supposedly heading

out for St Vincent's 33rd birthday, the stars kept a wide berth and hardly looked like they were celebrating.

Better make that birthday gift a good one, Cara... ■

Unable to wipe the grins off their faces, Cara and her rumoured former conquest RiRi definitely looked like they were up to no good as they knocked back cocktails and flirted up a storm with each other while in town for the Rock In Rio fest. And it looks like the party posse plan to do it all over again! "Till next time," Cara wrote on Instagram.

Little smitten?

The divorced star describes Nat as his "ideal woman".

Was Dave doing the dirty?

The ink on his divorce papers from model Lara Stone is barely dry, but that hasn't stopped *Little Britain* star David Walliams finding comfort in the arms of Aussie singer Natalie Imbruglia!

The pair were spotted walking arm-in-arm after a cosy dinner date in London on September 24, sparking speculation that Nat may have been at the root of the couple's shock March split.

Adding weight to whispers, David admits he's been smitten with Natalie, 40, for years. The 44-year-old once

described her as his "ideal woman" and gushed that she's "amusing and naughty and beautiful". But is it actually David who's been the naughty one?

We're told those close to Caitlyn are planning an intervention before she does any irreparable damage

Cait's nose is shrinking and her brows are rising!

Caitlyn's \$1 million surgery obsession

THE VANITY FAIR COVER: BEFORE SHE WENT TOO FAR!

ON THE NOSE

"There is nothing where the central part of the nostril peaks upwards, giving her the appearance of permanently deformed nostrils," explains Dr Barnouti.

The reality star's friends and family are urging her to step away from the scalpel

She wowed the world with her stunning male-to-female transition back in May. But thanks to her expensive

cosmetic surgery obsession, Caitlyn Jenner – who's just received papers confirming she's legally female – is continuing to transform before our eyes and her loved ones are freaking out!

"Cait is obsessed, there's no other way of saying it. She's having one procedure after another, from Botox to laser peels, nose jobs and silicone and collagen implants," says an insider, who estimates the star has spent upwards of \$500,000 on cosmetic procedures since the mid-80s.

And while she looked gorgeous from the get-go, several members of Camp Caitlyn feel she "no longer looks normal" thanks to her latest round of nips and tucks.

Onlookers were shocked by the star's startled appearance in LA on September 23

Keeping up with Cait

The sky's the limit for this reality star's surgery ambitions – and her brows!

ion session!

“Her eyebrows are permanently raised, her lips get bigger each time she walks out the door and her face is completely frozen,” reveals the source.

Indeed, during a recent night out with BFF Ronda Kamihiro, onlookers were left open-mouthed by the brunette's startled expression, which Sydney plastic surgeon Dr Laith Barnouti says is likely the result of too many back-to-back procedures.

“What she has had done is typical of facial-feminisation plastic surgery,” Dr Barnouti tells NW, referring to various procedures that are common in

the male-to-female transgender community, including a tracheal shave to make the Adam's apple less prominent.

“However, Caitlyn's beginning to develop the operated-on look, which is an indication of too much surgery in a short space of time. The best thing for her to do now is to have no more surgery.”

But coming from a nip-tuck obsessed family like the

Kardashian-Jenners, the headstrong *I Am Cait* star has other ideas, with plans to undergo another \$500,000 worth of procedures in the months ahead in her quest for perfection.

Next up, Demi knees!

Caitlyn may have changed her name and altered her image from top to toe, but she's not done yet – next up she wants her saggy knees fixed à la Demi Moore! “Caitlyn desperately wants to firm up her ‘granny skin,’” confirms our insider. “She wants to have her knees surgically fixed because she loves wearing skirts, but can't stand how her legs look.”

As for her options, Dr Barnouti reckons there's no easy solution.

“Caitlyn could try laser or Thermage for skin tightening, or a filler in the form of micro fat grafting,” he says. “The only other option is knee-lift surgery, and we nearly always advise people against it as it produces permanent and visible scarring.”

weeks, we're told Caitlyn has her heart set on getting bigger boobs, bum implants, her chin altered and calves sculpted, and a knee lift to get rid of “granny skin” – and that's just for starters!

“She finally loves what she sees when she looks in the mirror,” continues our insider.

“But she's not done yet, not by a long stretch.”

Hey, at least she can afford it... ■

Anna to
J-Law

'STAY AWAY FROM MY MAN

She reckons
Chris's latest co-
star is way too
hot to handle!

They play lovers in their new flick *Passengers*, but it's not just on set that things are heating up between Chris Pratt and Jennifer Lawrence.

In fact, the co-stars are so cosy it's brought out the green-eyed monster in Chris's wife-of-six-years Anna Faris!

Despite Chris doing his best to reassure her – even publicly gushing that his marriage has made him “believe in divine intervention and destiny” – Anna's having a tough time

holding onto that thought with single-and-ready-to-mingle Jen on the scene.

She's particularly worried because J-Law, who's as affably goofy as Chris is, has a history of hooking up with co-stars – namely Nicholas Hoult and Bradley Cooper.

What's more, now that her hubby's role in *Guardians Of The Galaxy* has cemented his status as a sex symbol, 38-year-old Anna's insecurities have gone into overdrive.

“[She] doesn't like the way girls hang on him,” an insider reveals. “Her confidence is crumbling as Chris's skyrockets. Anna's scared that Chris's instant fame is going to ruin them.”

Indeed, the peril of being married to an

Sneaking around on set!

As if to put his wife's worries at ease, Chris and Jen have made a point of not being photographed together on the Atlanta set of *Passengers*.

But the impressive results of Jen's hottie overhaul were on full display when she emerged from her car, with the actress sporting newly platinum locks and a super-pert caboose!

“She's doing a lot of squats right now to try and bulk up her booty – she wants her curves to be popping when she gets into her spacesuit,” reveals our insider.

in-demand man reared its ugly head earlier this year when Anna was first confronted by cheating rumours involving J-Law.

"I was like, 'Oh, maybe there's a kernel of truth to that.' It's been a little devastating," she admitted in August.

And it certainly doesn't help that Jen, 25, has had a bombshell makeover for the sci-fi role opposite Chris, dyeing her hair platinum blonde and honing her already-amazing curves. But having undergone his own body transformation, 36-year-old Chris been super supportive of his co-star – so much so that

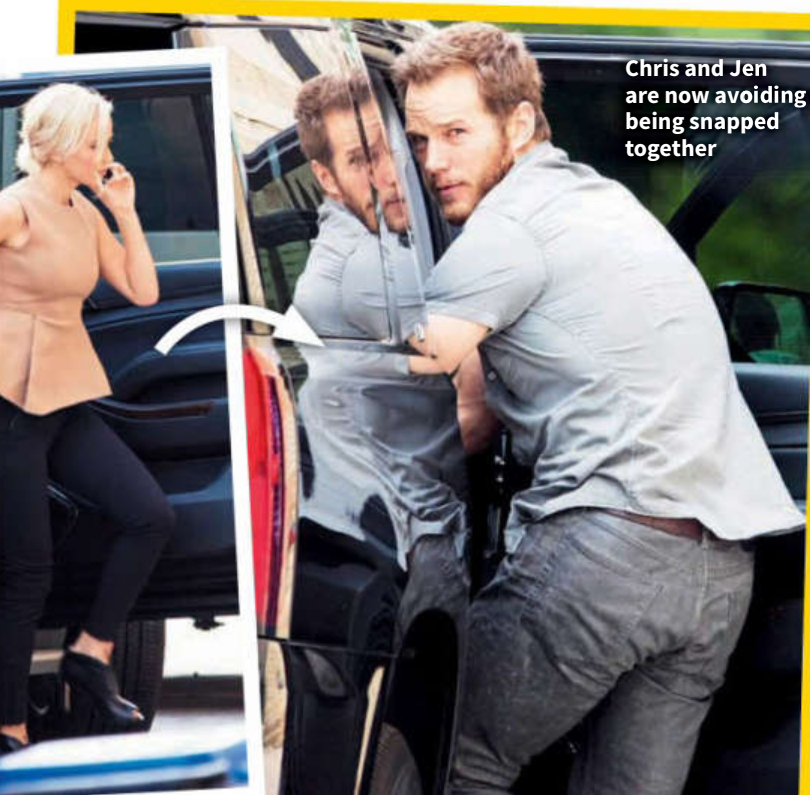

Anna's convinced he's developing a man-sized crush on J-Law!

"Anna's already threatened by Jen, so hearing Chris talk about how great she looks has hit a raw nerve," spills a pal. "It's very hard to deal with."

Hinting at trouble in paradise, the actor – who has a three-year-old son, Jack, with Anna – recently shared an ominous proverb on Twitter that read, "For lack of wood the fire goes out, and where there is no whisperer, quarrelling ceases."

No doubt Anna's hoping the whispers about her hubby and J-Law are all smoke, no fire! ■

Chris and Jen are now avoiding being snapped together

We'd be soooooo devo if they split!

Chris and Anna's sweet home life with son Jack is just too perfect to break up!

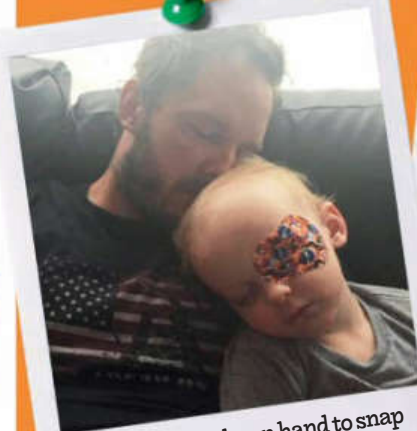

"Chris turned to me and said, 'I don't think I've ever been happier in my whole life,'" Anna said of this trip to a train museum. Ouch, our hearts!

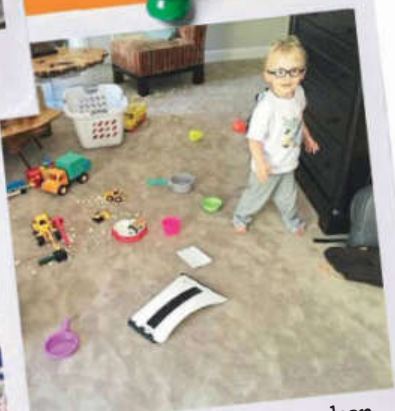

They never take themselves too seriously – even in the back of limos

They're rich, but they still baby-proof with a piece of string

Anna needs to be on hand to snap these precious moments...

...and because it takes two to clean up after their messy bub!

Chris has also made it clear that this is his favourite sight ever

The couple that theme-parks together, stays together! Putting aside recent marriage dramas, **Kendra Wilkinson** and **Hank Baskett** are enjoying a family trip to Disneyland in Anaheim, California. But while Mum hits the rides with **Hank Jr**, five, Dad keeps his feet firmly on solid ground with daughter Alijah, 17 months. And Hank clearly approves of Kendra's sparkly new Minnie ears – the former *Playboy* Bunny posted a snap of him ogling her, captioned, "Feels good getting checked out every now n then. LOL."

Kendra's swapped her Bunny ears for mouse ears!

She's ready to live life on the edge!

'I'm just trying to get a leg over'

K-Hud's a social climber

What a professional! After spending a playful weekend with Nick Jonas in Miami, **Kate Hudson** has her mind back on the job on the Atlanta set of her film *Mother's Day*. She's shooting scenes with Indian-born funnyman **Aasif Mandvi**, who you might recognise from his LOL-worthy reports on *The Daily Show*.

The WEEK PICS

'It's OK, we'll just buy another one!'

'I've forgotten where we parked the car'

Good to see everyone got the navy, white and black memo...

Handle with Kerr

Floral model **Miranda Kerr** is grinning like the Cheshire Cat as she steps out arm-in-arm with her Snapchat billionaire beau **Evan Spiegel**. The pair, who've been dating for a few months, are heading out to a Zedd concert in L.A. Meanwhile, we can't help but wonder whether one of those sparklers the Aussie beauty's rocking is a piece of engagement bling. Spill it, Miranda!

Wake up, Miranda - hottie at three o'clock!

She's certainly looking like a blushing bride-to-be!

Has Evan put a ring on it?

Look out, St Vincent – she's a player!

'Check out my G-string'

Not the most convenient back scratcher

Cara gets the axe!

We already know she's got serious music chops, having played guitar and drums on a Spanish talk show back in July. This time, though, **Cara Delevingne** not only kicks out the jams but gets a present in return – a custom-made Fender Stratocaster – while visiting a guitar shop in Rio de Janeiro. Modelling, singing, acting, playing music – Cara sure got dealt a good hand in the talent department!

'My guitar licks are top notch!'

No wonder she never made it as a window cleaner

The WEEK PICS

'Lucky I wore my stretchy jeans - I'm stuffed!'

'Keep an eye out for cops, girls'

Kate's girly road trip

'No valet? You're kidding, right?'

Her catwalk moments may be few and far between these days, but **Kate Moss** still knows how to work those pins! Cutting a cool-girl figure in khaki, the supermodel's taking her classic MG convertible for a spin in the English countryside, with daughter **Lila Grace** and her gal pals along for the ride – even though it's only a two-seater! The reason for the sunny outing? A lunchtime rendezvous with Kate's babydaddy ex Jefferson Hack at a pub near her home in the Cotswolds.

Check out those supermodel skillz – Louboutin boots on gravel!

'Need a tour guide, Drew?'

'Nah, just a shoulder'

Drew tries to find her bearings Down Under

Little Miss Sunshines

Back home in Oz, **Toni Collette**'s brought the cutest souvenir back from the States with her – **Drew Barrymore**! Like a proud preschooler, the Sydneysider plays show-and-tell with lovable Drew at the premiere of their new film *Miss You Already* at the State Theatre – after grabbing brunch together in Bondi, natch!

Careful, Toni – Drew's never been kissed!

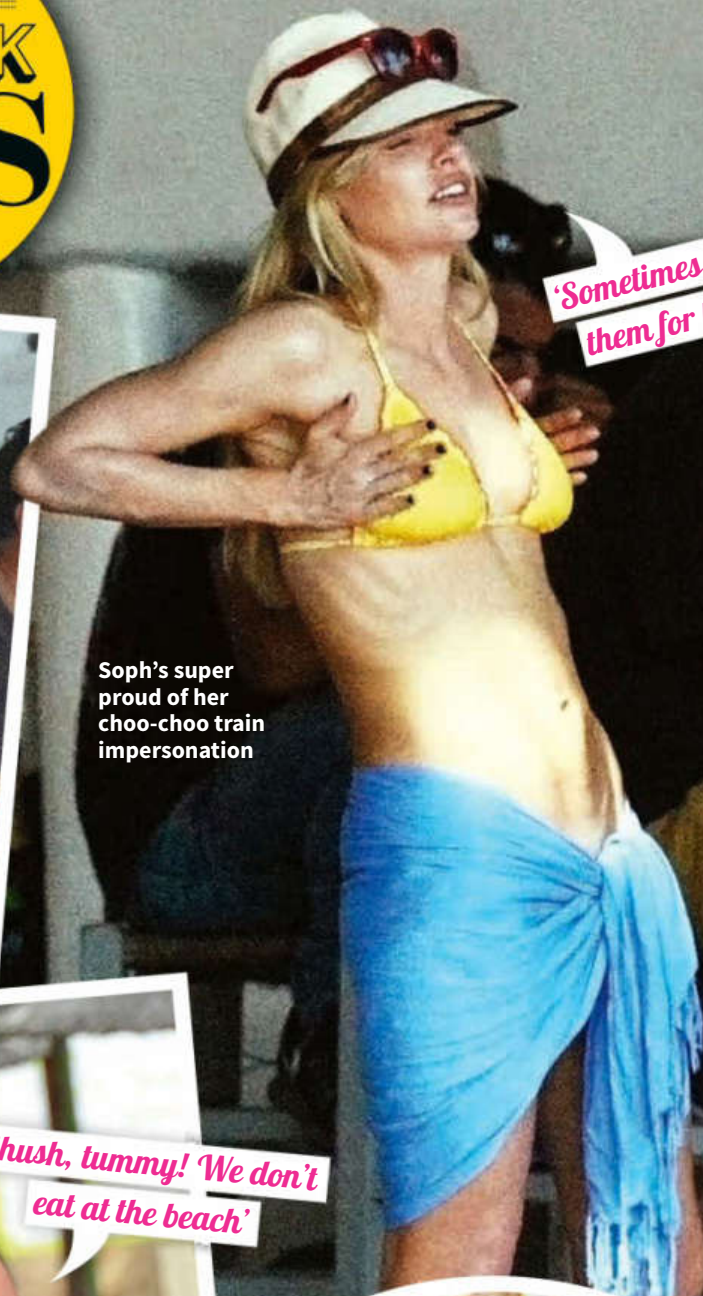

'So that's where my curtains went!'

The WEEK PICS

No wonder it's sore, Sophie - you're overworking them!

Soph's super proud of her choo-choo train impersonation

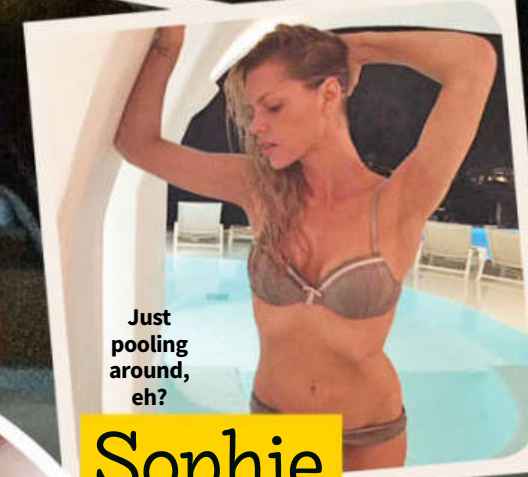

'Sometimes I rub them for luck'

Someone get her a coffee - stat!

Soph wins the booby prize!

Just pooling around, eh?

'Shush, tummy! We don't eat at the beach'

Sophie Greeks out

It's easy to see what **Sophie Monk** thinks her breast... er, best assets are! After filming wraps on the German set of her new horror flick *Blood Feast*, the Aussie star takes a breather - and her kit off! - on the party island of Mykonos. Documenting her big fat Greek getaway on Instagram, Soph admits she "pulled a muscle" trying to take the perfect bikini selfie. Hey, it's a small price to pay for social-media glory!

'Like, how do I go to the toilet in this thing?'

'Better see what Instagram thinks'

Flare enough, Kendall...

Kendall Jenner is all about that '70s vibe! Working a flared denim jumpsuit to perfection, the supermodel shows she can rock any trend, any time. And what does a fashionista of the disco era need more than the perfect pair of shades?! Hitting up an optical store in LA, Kenny separates the yays from the nays to find the right frames. With her natural flare for fashion it's a no-brainer!

'It's the Harry Potter look I've always wanted!'

'That certainly upped my specs factor'

She's all set for that '70s fashion show!

The WEEK PICKS

Suri and Katie haven't quite nailed the high-five yet

GLOBAL CITIZEN FESTIVAL

'This ought to draw attention to the cause!'

New York state of kindness

As the poverty-awareness fest Global Citizen descends on New York's Central Park, the stars come out to support the cause! **Katie Holmes** hangs with **Suri**, **Stephen Colbert** hitches a ride on **Hugh Jackman** and **Bono** talks politics (we assume) with **Kerry Washington** and **Olivia Wilde**. Meanwhile, **Blue Ivy** watches mum **Beyonce** perform with **Ed Sheeran**, and **Chris Martin** bows down to **Ariana Grande**.

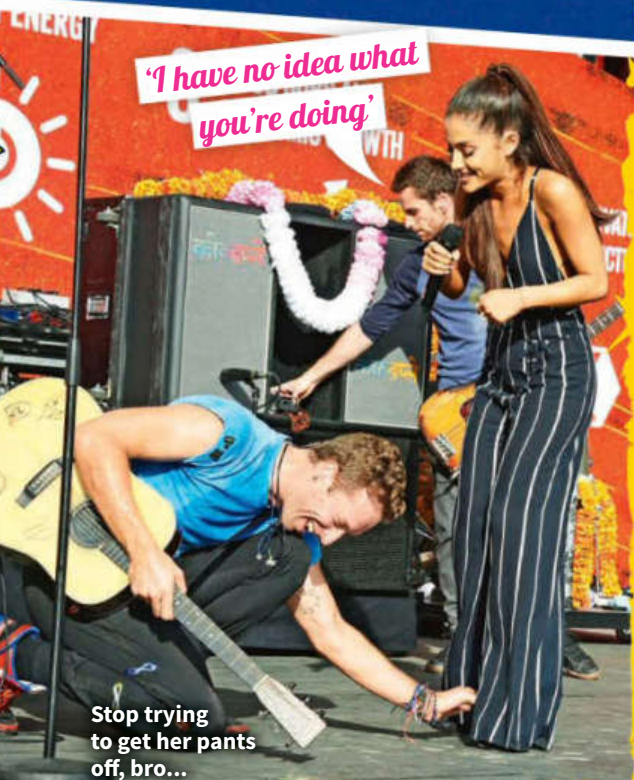

'Let's see if he's ticklish!'

Beyonce's never touched a real, live ginger before

Blue Ivy prefers dad Jay Z's tunes

Stop trying to get her pants off, bro...

'I won't lie, I wasn't a huge fan of the Pop album...'

'Where the hell did he come from?'

Luckily for Hugh, Stephen's not exactly a political heavyweight

'You're really giving me an earful today'

'Wet Willy!'

'Is it that obvious that she dresses us?'

Keeping the faith

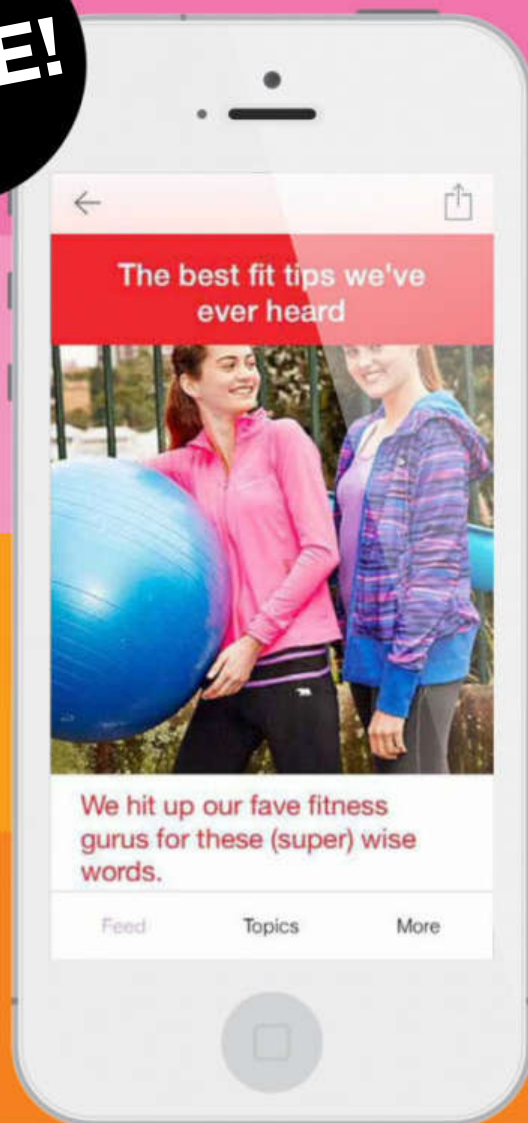

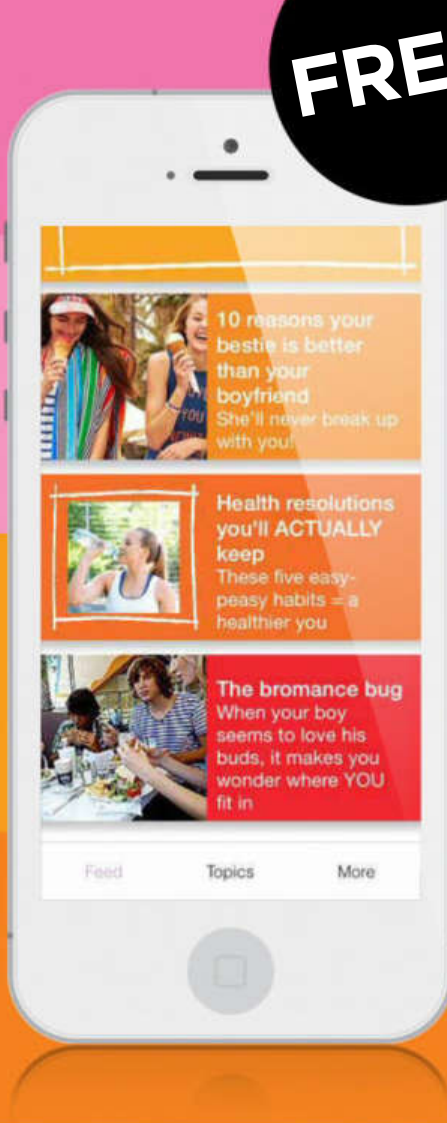

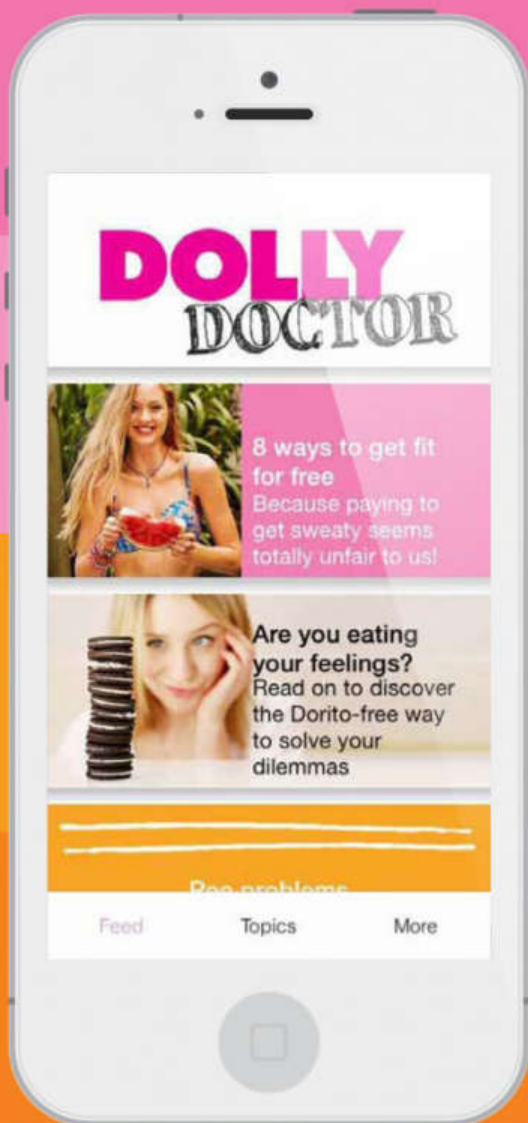

What divorce? **Gwen Stefani** looks happy and relaxed on the way to church in LA with sons **Kingston**, nine, **Zuma**, seven, and **Apollo**, 17 months. And it's no wonder she's smiling – she's rumoured to be stepping out with fellow US *The Voice* coach Blake Shelton! Attagirl!

It's easier to keep track of the kids when they're in hi-vis...

Heidi Klum

When in Milan... The supermodel wows the style capital in a sheer cut-out Atelier Versace gown. And matching its sparkling rhinestones and beading are Heidi's swag of black diamonds – dark but delicious!

HOT

Alessandra Ambrosio

The model splashes a sexy pop of colour onto the carpet in this DSquared2 minidress. The '80s-style shoulder line and her tight ponytail frame those razor-sharp cheekbones perfectly. Fierce!

NOT

Jennifer Lopez

While normally on the top of the fash game, J.Lo misses the mark with this ill-fitting matchy-matchy '50s-inspired ensemble, which shall forever be referred to as Jen and her giant peach.

HOT

Natalie Portman

Often erring on the conservative side, Nat's less black swan and more technicolour dreamboat in this Christian Dior top and skirt, glamming it up with satin heels and dangly de Grisogono ear bling. Divine!

HOT

Selena Gomez

Sel's time as a style icon has well and truly arrived! Stepping out in Paris in \$300 Derek Rose pyjamas, she instantly makes it not just OK for us to duck down to the shops in our sleepwear, but actually on trend! Later that day, she's a sight in white in her flowing Elie Saab top and full skirt, with an enviable red-lip highlight. And when she hits London, she brightens the skies with a red-hot Marc Jacobs Resort number. She can do no wrong right now!

TIP

Fringing's fun, but unless you're Olivia, it's best to confine it to one piece to avoid OTT.

Cool-girl waves

It's the only way to wear your hair this summer!

TREND

It's time to say goodbye to perfect curls and the traditional beachy wave! Taking the free-and-easy vibe to a whole new level, this cool-as-funk 'do not only looks effortless, but is super simple to create at home.

Emily Ratajkowski

Cara Delevingne

How to

Take your cues from the catwalk and use baby buns to create the look. "Waves are in, but the curling iron has got to go," says TRESemmé's Orlando Pita backstage at BCBGMaxAzaria's New York Fashion Week show. Simply wash locks and towel dry, before adding mousse from roots to ends and twisting up. Blowdry or sleep in it, then let it out for an undone effect.

From baby blues and lavender hues, any shade goes in eyeshadow right now. The key is to go big and take it across your entire lid and up to the crease, finishing with loads of mascara and strong brows. The young model may have a fight on her hands to assert her independence – but it'll be worth it in the long run, even if it means some rocky patches with a pal this week.

YOUR Stars

The week ahead with **Adele Lang**

Libra SEPT 24 – OCT 23

With Venus keen to make you more independent, prepare to butt heads with anyone who's used to pulling your strings. While there's no need to ditch a lover or blank a friend, you'll have to play tough to get your way. The thought of losing you should be enough to make them back off.

Scorpio OCT 24 – NOV 22

Now Pluto's moving forward, you should be more than clear about what you want out of life. That only question here is whether you're going to be held back? Present circumstances may be bearable, but without instigating big changes, your future will just be more of the same.

Sagittarius NOV 23 – DEC 21

Your current need to achieve at work and accumulate as many possessions as possible is making you lose sight of what counts. You may need to treat others with some extra consideration. Spend more time with your loved ones and see what a difference that makes.

Capricorn DEC 22 – JAN 20

Capricorns looking to transform their looks through diet or fitness should start straight away – Mercury's well placed to ensure dedication will pay off. Postpone your plans, however, and you may not be blessed with the same energy and optimism that the cosmos is giving out now.

Aquarius JAN 21 – FEB 19

There are ongoing problems on the love front – more so for those Aquarians who still refuse to budge over a longstanding issue. This week, it's possible a friend or relative will dish out unsolicited advice. You might not like what you hear, but it could put a romance back on track.

Pisces FEB 20 – MAR 20

Fighting fire with fire isn't a good idea for any water sign, let alone you. There could be meltdowns for Pisceans who try to play hotheaded types at their own game. Remain impassive when employers or friends throw tantrums – you'll look saintly and they'll feel ashamed.

Aries MAR 21 – APRIL 20

Solar energy will be making you per-sensitive to other people's needs, but that doesn't mean you could neglect your own in the process. This week, hold firm about what you can do to help out a friend or a lover. But don't shy away from stating what you'd like in return.

Taurus APRIL 21 – MAY 21

Your nearest and dearest may accuse you of being a tad tight-fisted. Blame it on Mercury's present influence if you must, although you might also want to point out that recent large bills have made you much more frugal. Maybe it's time loved ones helped you out for a change.

Gemini MAY 22 – JUNE 21

Less-than-stellar alignments suggest a dip in self-confidence. This isn't such a bad thing – by spending more time in the shadows and less in the spotlight, you'll be forced to do some thinking. The conclusions you arrive at can be put into practice when you re-emerge.

Cancer JUNE 22 – JULY 23

Love planet Saturn says affairs of the heart will improve greatly if a partner or suitor goes all-out to impress you. Half-hearted gestures will be shown the door quickly. That said, don't get too drunk on your seductive powers – think of ways to show your appreciation for any ardent admirer.

Leo JULY 24 – AUG 23

A loved one's house or career move needs some serious discussion, because something could be seriously amiss. Trust your gut instinct and raise any issues that are bugging you. Yes, you might seem to be interfering but you may also be thanked fairly soon.

Virgo AUG 24 – SEPT 23

If you're ready to conquer the world again, the Moon is behind you all the way. You may have felt overlooked at work and undervalued at home lately – but not anymore. Over the next week, put your hand up for exciting job challenges and put your foot down with friends or family.

SEXY SELENA SIZZLES

The pop princess gets her, um, hits out and unveils a racy new image

Phew! Is it hot in here or did **Selena Gomez** just seriously turn up the sex-kitten dial?

Yep, Sel has waved goodbye to her goody-two-shoes image in favour of a smokin' new look to match her raunchy new album *Revival*.

Gone are the cutesy dresses – and, well, all clothes really! – in her seductive stripped-bare promo shots, while her steamy *Good For You* music video has notched up millions of views online, proving that the world is more than ready to eat up her sexy side!

Her girl-next-door image isn't the only thing she appears to be putting behind her, with her current single *Same Old Love* packed with blistering burns aimed at her ex **Justin Bieber**.

Apparently drawing a line under the Biebs era for good, she sings, "Take away your things and go/You can't take back what you said/I've heard it

all a million times and I'm not one to forget, you know."

You tell him, girl!

Opening up about her new direction, the singer-slash-actress confirms she feels ready to embrace her sex appeal.

"I'm becoming a young woman and I'm comfortable with my sensuality," she says. "It's just kind of not try-hard. It's just perfect. I think, to me, that was exactly what I want people to see for the next chapter for me."

And it's not just her outfit choices getting more risque – it's her **Rihanna**-esque lyrics, too.

"You say I give it to you hard," she sings in *Good For You*. "So bad, so bad/Make you never want to leave/So don't."

Oh my...

WE'RE TOTES DIGGING JAMIE LAWSON

Ed Sheeran loves him!

The award-winning singer hand-picked Jamie as the first signing to his label Gingerbread Man Records. "I knew immediately I wanted to work with this guy," says Ed.

He's not a quitter

"I sometimes feel rather than never giving up on my dream I've just been very stubborn," says Jamie, 39. "Most people would've stopped by now, but... I always thought my songs were good enough to be heard."

He's a TV fiend like us!

Jamie took inspo from *The Big Bang Theory* for his track *The Only Conclusion*. "Sheldon is struggling to understand his feelings for his girlfriend, and says something like, 'I've gone through all the options. The only conclusion is love.'" Jamie explains. "I thought that was brilliant."

SECRETS OF THE

UNDEAD

Just how many encounters with killer zombies can this gang of survivors take? Well, at least another season's worth!

Yep, bloodcurdling drama *The Walking Dead* returns for a sixth brutal season this week, promising to serve up yet another grisly rollercoaster ride of apocalyptic proportions.

Last season Rick Grimes (Andrew Lincoln) and the other survivors found safe haven in the town of Alexandria, but how long will their new home be secure from the flesh-eating onslaught?

Before you tune in to find out, we've unearthed a smorgasboard of juicy info on the new season to sink your teeth into...

***The Walking Dead* Season Six premieres Monday 1.30pm, repeated 8.30pm on FX**

The Walking Dead is back and more bloodythirsty than ever – and we've got all the goss on Season Six!

Action overload

There's no slow start to the season, with blood and gore galore from the outset. After all, Rick and his little gang aren't just fighting for their own survival anymore, they're trying to protect a whole town – which means a helluva lot of enemies to take down! "There are more walkers than we've ever faced before," Andrew reveals.

New faces

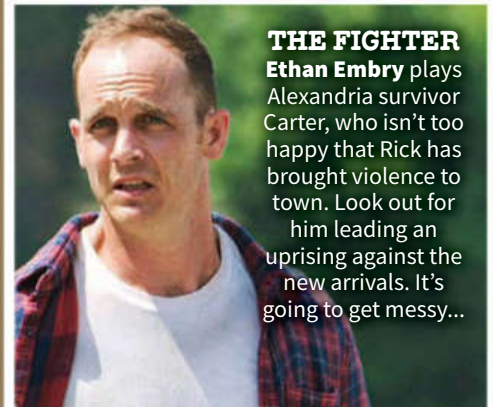

THE LOVER

Enter Heath (**Corey Hawkins**), a supply runner who's rumoured to spark up a romance with Dr Denise (right). Eagled-eyed viewers may recognise Corey from his recent turn playing Dr Dre in *Straight Outta Compton*.

THE MEDIC

Played by Nurse Jackie star **Merritt Weaver**, Dr Denise is definitely a handy addition. Given all the injuries they notch up, our the gang of survivors might just want to keep her alive!

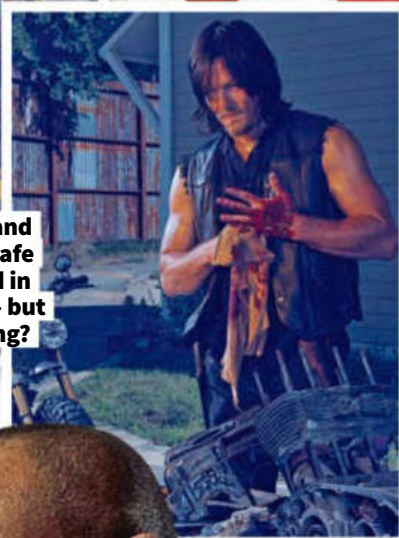

THE FIGHTER

Ethan Embry plays Alexandria survivor Carter, who isn't too happy that Rick has brought violence to town. Look out for him leading an uprising against the new arrivals. It's going to get messy...

Rick, Carl and Daryl are safe and settled in Alexandria – but for how long?

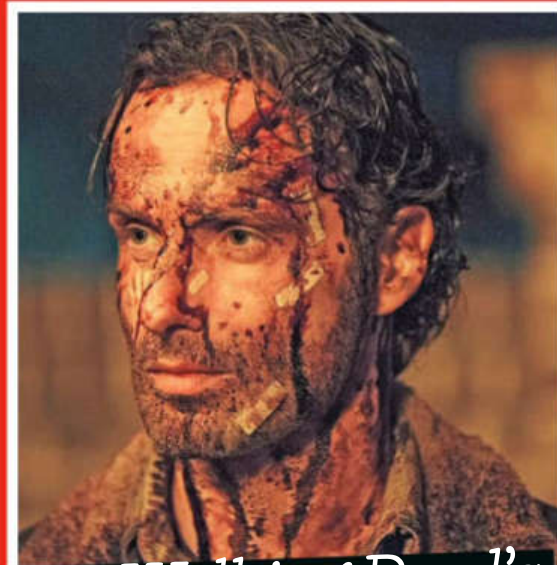

Carol's back, baby!

She may have fooled the townsfolk of Alexandria with her housewife routine, but Carol is one tough cookie! "She's adaptable – and one of her weapons is adaptability," says actress **Melissa McBride**. "These people are fighting for their home and they will defend that at any cost, against any threat, even if that threat comes from within."

Hottie alert

Calm the farm – sexy survivor Daryl (**Norman Reedus**) is still alive, but whether he can make it through another season of zombie attacks remains to be seen. "Season Six is kind of our group being OK with stability and figuring out if we can actually live with other people," Norman reveals. "You've taken a bunch of wild animals and put them in a domestic environment, and some of them prefer to be wild animals." We love it when he talks dirty.

Does *Walking Dead's* biggest star want out?

Who would save the day if Rick Grimes bit the dust? That's what we were asking when rumours surfaced that **Andrew Lincoln** had asked for his character to be killed off. Imagine our relief when the actor's rep said there is "no truth" to reports he wanted to ditch the show so he doesn't have to drag his UK-based family over to the US whenever he's filming. Watch out, walkers – Rick's still got your number!

From Summer Bay to Alexandria, Benedict runs with a tough pack

The Oz connection

Keep your eyes peeled for Australian actor **Benedict Samuel** who appears in the upcoming season as Alpha Wolf – the leader of a group of hostile survivors. Of course, Benedict has form playing a not-so-nice guy – his bad-boy character Hammer had major beef with Brax (**Stephen Peacocke**) in *Home And Away*, but how different does he look now?! And it seems the Summer-Bay-to-Hollywood-horror move was in his blood – his older bro Xavier played a vamp in *The Twilight Saga: Eclipse*.

Life after Elena is fangtastic!

The Vampire Diaries is back to get your blood pumping

A big ol' stake has been driven through the love triangle of Elena Gilbert and vampire brothers Damon and Stefan Salvatore. In Season Six, Elena (**Nina Dobrev**) took one for the team when she was placed in a magic-induced coma so her bestie Bonnie (**Kat Graham**) could live. So what does life after Elena look like?

1. Brooding Damon

Damon (**Ian Somerhalder**) is going to be one hot mess as he deals with the heartbreak. "It's going to take him some time to figure out who he's supposed to be without Elena," says Ian. We've always loved Damon as a bad boy, so bring it on!

2. Let's do the time warp

There will be a flash-forward to life in Mystic Falls three years in the

future. And let's just say it's looking pretty grim...

3. Steroline get it on!

Vampires Stefan (**Paul Wesley**) and Caroline (**Candice King**) finally got together last season. "Caroline's going to get her bite back," Candice teases. "We'll see her coming in as a badass."

4. A new villain

This season sees the arrival of the Heretics, a group of witches and vampires led by mummy dearest, the Salvatore brothers' mother Lily (**Annie Wersching**).

5. Aussie alert!

Yep, you can expect to see a familiar face popping up in Mystic Falls. Former *Home & Away* hottie Todd Lasance has been cast as a vampire in the hit drama.

Season Seven premieres Friday 7.30pm on FOX8

FRIGHT

Gaga kills it as an actress – and excels in sex scenes, obvs!

From meat dresses to arena tours, she's the queen of stealing the show – and let's just say **Lady Gaga's** no shrinking violet in *American Horror Story: Hotel*, her first ever lead role!

The singer plays a blood-sucking villainess known as The Countess – who, it's been revealed, is a "very wealthy social doyenne who is consumed with art and fashion and people".

Hmm... Sounds familiar – eh, Gaga?

As well as strutting around her hotel in all sorts of OTT outfits – which should come naturally to Lady G – The Countess enjoys a pretty wild ride in the psychological thriller.

And that includes some very steamy sex scenes with co-star **Matt Bomer**!

Lucky girl!

What's more, director **Ryan Murphy** reveals Gaga took

DELIGHT

the graphic love sequences to the next level.

"She's the only actress I've worked with who wanted to do more explicit stuff than was written," he says.

That's our Gaga!

The *Bad Romance* star has also gushed about how much she's been enjoying working on the show.

"Thoughts on first day shooting for *AHS*? I say, I've died and gone to my personal heaven," Gaga tweeted.

And despite having just a few minor roles under her belt, she's won major praise from

Matt, who gushed to fans, "Lady Gaga is killing the game... Genius, sexy, terrifying. Total pro and beautiful soul to boot."

But the pop chameleon isn't the only high-profile addition to *AHS* – **Naomi Campbell**'s also filmed a few episodes!

The high-maintenance model plays a fashion editor whose harsh criticisms could have deadly consequences.

Did someone say "phone attack"?

***American Horror Story: Hotel* premieres 9.30pm Oct 12 on Eleven**

Gaga, oh-la-la!

The singer was keen to get "more explicit" in sex scenes with Matt!

BRITNEY SPEARS

Brit can't get enough TV action, appearing on shows like *Will & Grace* and *How I Met Your Mother*, as well as filming an upcoming ep of *Jane The Virgin*. "Guest starring on one of my favourite shows EVER," she gushed.

ARIANA GRANDE

We loved watching Ariana play Chanel No 2 in *Scream Queens*. Sure, the former Nickelodeon star's character didn't last long, but don't worry – that doesn't mean she won't be back!

ED SHEERAN

The flame-haired crooner recently visited the sandy shores of *Home And Away* and is also appearing in the US series *The Bastard Executioner* as a 14th Century church elder. That's about as far from pop land as you can get!

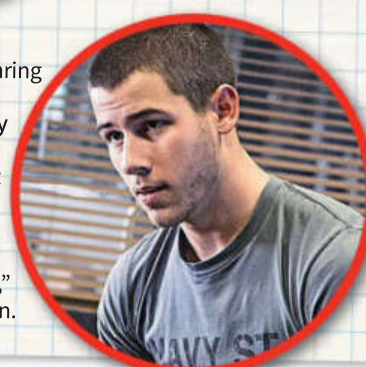

CHRISTINA AGUILERA

Xtina joined the cast of *Nashville* as sassy singer Jade St John earlier this year. "Jade definitely made me discover a new side to who I am," the *Voice* coach says. "And what more I have to offer as an artist."

NICK JONAS

Nick's currently appearing in *Scream Queens* as Boone, his second gay TV role after fighter Nate Kulina in the first season of *Kingdom*. "I've been really honored to play two strong gay characters," says the pop sensation.

2 THEY HAVE FOUL MOUTHS LIKE KHLOE! “I’ve been obsessed with fashion since I popped out of my mum’s vagina,” says resident style queen Durrani.

3 THEY'RE A BUNCH OF SLOBS Yep, it isn't always cute. The girls moan that housemate Melody doesn't pull her weight, and finding a pal's dirty G-string is just another day in this girlie paradise. Yuck!

The lairy ladies take their friendship to the next level!

Marnie Simpson loves a good pash – and newly single after her break-up with former *The Only Way Is Essex* star Ricky Rayment, she's locking lips with anyone she can!

Yep, that includes her *Geordie Shore* co-star Chloe Ferry!

The gal pals – who'd spent a boozy night of clubbing at Newcastle's Bijoux Bar – eventually came up for air, but Marnie's foray into same-sex tonsil tennis stopped being so funny when her mum saw the pictures!

"So my mam just asked me if I'm a lesbian," she tweeted. "A sign that The kissing needs to stop now @Chloe_GShore."

On the plus side, the snaps certainly caught

Ricky's attention, with Marnie admitting things might not be totally over yet.

"When we split up he called me every name under the sun and called me a slag about 5000 times. He told us he always thought those things," she says. "We're still talking and trying to work through things, but it's difficult."

But after her most recent revelation that she hooked up with co-star Aaron Chalmers ahead of her split with Ricky, Marnie's sitch just got a whole lot more complicated!

aunt Brandi Glanville!

Hi Brandi!

I've been dating this amazing guy for a few months and I finally slept with him the other night. But I really didn't like the shape of his manhood! It's not like it felt bad – it's just not very nice to look at. I feel awful saying this but I just don't know if I can carry on seeing him. Everything else is perfect! Do you think I'm being too picky or should I move on? Danielle, NSW

"Um, close your eyes? I'm sorry but I don't find any man's privates to be very attractive. It's not how it looks – at the end of the day it's how it feels. No two penises are alike and I've seen some odd ones in my life. Trust me. Don't judge this book by its cover. Or just cover it – condoms, hands, mouth, lights off... You get the picture."

Dear Brandi,

I'm in a relationship with a great guy, but he's so amazing that girls gravitate towards him – including my best friend, who's single and hot! It really bothers me how well they get on and I almost feel uncomfortable leaving them alone together. Should I mention something to her, or to him? I feel like I've got to do something. Nikki, Qld

"Trust your gut! A woman's intuition is always right. You should speak to your BFF and be completely honest. Tell her you often feel left out and that though you want them to be friendly, it's just a little too close for comfort. The truth is men cheat with people they know more than they do with strangers. Try asking your man if he has a friend you could set her up with! Problem solved."

Michael drew this colourful portrait of Sam for NW

Gorgeous Sam Frost has her hands full with these buff lads! They're seriously pulling out all the stops in their bid to impress her, but have they got the magic to back up their moves? NW gets the lowdown on the boys' sexy little secrets...

"I ONCE TOOK A GIRL TO A LUXURIOUS TREE-TOP RESORT THAT OVERLOOKED A LAKE. I LAID OUT A TRAIL OF PETALS AND CANDLES FROM THE DOOR TO THE BED AND TO THE SPA BATH. I LOVE TO SPOIL A GIRL, BUT I DON'T LIKE WHEN IT'S ALL GIVE AND THERE'S NO EFFORT TO SPOIL YOU IN RETURN." **TONY**

"IF A WOMAN HAS AN AMAZING SMILE, IT'S HARD TO RESIST! THE MOST ROMANTIC THING I'VE EVER DONE IS BUY MY GIRLFRIEND

A PUPPY. I TIED

A BIG RED RIBBON AROUND ITS NECK AND DELIVERED IT TO HER WORK — SHE LOVED IT! I HAVEN'T HAD TOO MANY BAD DATES, BUT I WOULD SAY MY BIGGEST TURN-OFF IS ARROGANCE AND PEOPLE WHO BELIEVE THEY'RE OWED SOMETHING IN LIFE WITHOUT EARNING IT!" **MICHAEL**

"An Indian head rub can really hit the spot! I also love a woman in heels and if she can dance I'm putty in her hands. I can be very romantic and once learnt a song on the ukulele for a girl I met in New York. The plan was to meet halfway in Hawaii to rekindle the romance, but she met another guy in the meantime. It's a shame I never got to play it for her! I've been lucky with dates but my worst experience was when I took a girl for dinner who then got so sozzled I had to carry her home!" **ALEX**

Stripped bare!

Sam's smokin' hot Bachelor boys spill their saucy dating secrets!

"It's a big turn-on when a girl is witty and knows what she wants. I'm a sucker for eyes and a cheeky smile. When a girl looks at me from across the room and gives me a cheeky smile, that's me done! But if she's too forward, it's not a good look. A girl once said she loved me within 10 minutes of us meeting and said if I didn't love her back, then don't waste her time. I also don't like girls who inject stuff into their lips and are too busy taking selfies!" **DAVE**

"I had a terrible Tinder date once – there was no connection and she was swearing and eating like a pig! I also don't like it when girls use their phones too much. I much prefer a nice girl who is confident enough to look you straight in the eye. I'd have to give my kissing skills 10 out of 10! My biggest tip is to use a little bit of tongue and give a little nibble!" **KAYNE**

"It's sexy when a girl can lead a conversation and make me laugh. But I did go on a date with a girl who seemed great – pretty, intelligent, successful, etc. I asked her how she keeps fit and she replied, 'I have a trainer but he charges me \$120 per hour.' My response was standard, 'Wow, that's expensive,' which she returned with, 'Right? And I'm sleeping with him!' Needless to say I had an 'appointment' to go to and wrapped things up!" **SASHA**

Sasha says he did this amazing artwork in a hurry!

"FOR ME, THE SEXIEST THING ABOUT A GIRL IS EYES AND A NICE SMILE. I ALSO APPRECIATE A GIRL WITH A GOOD SENSE OF HUMOUR AND DRESS SENSE. I DON'T LIKE GIRLS WHO SNORE, AND THEY HAVE TO BE ABLE TO LAUGH AT MY JOKES. I ONCE PUT A BURGER RING INSIDE A TIFFANY BOX. IT WAS HILARIOUS FOR ME TO WATCH HER REACTION." **DAVEY**

"I LOVE IT WHEN A GIRL I'M DATING IS DRESSED TO IMPRESS IN SOME NEW LINGERIE. I ALSO SECRETLY LOVE IT WHEN THEY CALL FOR NO SPECIAL REASON, JUST TO CHECK IN – IT LETS ME KNOW SHE'S THINKING ABOUT ME. I HAD THIS WEIRD DATE ONCE WHEN THIS GIRL I WAS SET UP WITH STARTED TAKING HER PANTS OFF IN THE MIDDLE OF A PACKED CINEMA. I DON'T KNOW WHAT SHE EXPECTED TO HAPPEN. IT WAS A FAMILY-FRIENDLY MOVIE!" **RICHIE**

*'Sam needs

"Sam's embracing the role – she's killing it! People shouldn't underestimate her by saying she'd pick someone like Michael because of his glitzy soccer-star status. Australia loves her and she'll be inundated with invites to showbiz parties after the show, so she doesn't need a man for that reason. Sam just loves to be loud and laugh all the time, so she'll want a guy who'll let her be like that and bounce off her. I think she'll choose an Aussie-legend-type character rather than a guy who's more refined like Michael."

"Sasha clearly wants Sam all to himself, which he demonstrated when he asked Sam to kiss him at the cocktail party. They both knew this was naughty. Sam can't get enough of him because he's just such a beefy man cake! But what I was most shocked by was how Sasha kept asking Alex about his kiss with Sam – while keeping his own pash secret. I feel like Sasha exploited Alex by making fun of his little kiss with Sam and getting him to divulge too much about it afterwards. It cheapened it, and Sasha was being really facetious!"

To celebrate the show's 21st birthday, we serve up some *Friends* trivia!

1 Courteney Cox was cast as Rachel but told writers she related more to Monica.

4 Joey's often-mocked white dog statue actually belonged to Jennifer Aniston!

5 The sitcom was originally going to be called either *Insomnia Cafe*, *Friends Like Us* or *Six Of One*.

6 Lisa Kudrow's pregnancy was written into the show as the surrogacy storyline.

7 Marcel the monkey was actually a female named Katie. Still in showbiz, she recently modelled alongside Kendall Jenner.

8 R.E.M.'s hit *Shiny Happy People* was the show's original theme tune.

9 Funny ladies Kathy Griffin and Jane Lynch became close friends after they met while auditioning for the role of Phoebe.

10 All six of the lead characters kissed each other at least once on the show!

11 Rachel's bub Emma was played by twins Noelle and Cali Sheldon.

12 Lisa Kudrow initially thought Chandler was gay.

13 Coffee served in Central Perk was real!

14 Brit actress Patsy Kensit turned down the role of Ross's second wife Emily.

15 James Michael Tyler – who played waiter Gunther – was an actual barista!

16 *Mad About You* was set in the same universe, where Lisa played Phoebe's twin Ursula.

17 It was *the* 'do, but Jen calls “The Rachel” the “ugliest haircut I've ever seen”.

18 They were each paid \$32k per ep, but at the end earned more than a \$1 million each per ep!

19 The final episode was the highest-rating show of the noughties.

20 Cast and crew were given a piece of the Central Perk footpath as a keepsake.

**RUNS A

SHIP!**

We really hope she's joking, because otherwise Rihanna could be breaking some serious labour laws! The singer Instagrammed a page from an "employee handbook" that demands staff take zero sick days, with "fat people" only getting five-minute lunch breaks because "that's all the time needed to drink a Slim Fast". And bathroom breaks can last no more than three minutes! Yikes!

EMPLOYEE HANDBOOK

SICK DAYS

We will no longer accept a doctor's statement as proof of sickness. If you are able to go to the doctor, you are able to come to work.

PERSONAL DAYS

Each employee will receive 104 personal days a year. They are called Saturday & Sunday.

LUNCH BREAK

Skinny people get 30 minutes for lunch as they need to eat more, so that they can look healthy. Normal size people get 15 minutes for lunch to get a balanced meal to maintain their average figure. Fat people get 5 minutes for lunch, because that's all the time needed to drink a Slim Fast.

DRESS CODE

It is advised you come to work dressed according to your salary. If we see you wearing \$250 Prada sneakers, and carrying a \$600 Gucci bag, we assume you are doing well financially and therefore you do not need a raise.

If you dress poorly, you need to learn to manage your money better, so that you may buy nicer clothes, and therefore you do not need a raise.

If you dress in-between, you are right where you need to be and therefore you do not need a raise.
